

BRIEF PROFILE

BASE ENGINEERING SERVICES is a culmination of Talent, Technique and Qualification resulting in coming together of likeminded, Post graduate Structural Engineers with relevant experience. The objective is to provide Quality Structural Engineering Services to Residential, Commercial Institutional and Industrial Projects. Over the years, we have successfully executed several projects for renowned clients. Our Innovative & time-tested solutions to our clientele have helped us to make a name for ourselves. We have built reputation through innovation, dedication and hard work. Our motto is not just to meet our client's expectations, but to go beyond it.

We offer services in land survey, Geotechnical Investigations, Architectural Master Planning, Architectural Design, Electrical Design, Plumbing, Fire Safety, and Mechanical Design to actual construction of the Industrial buildings. We provide both stand alone and turnkey solutions.

We are in business for over a decade. Over the years, we have spent lot of time and energy to build our "core team" through handpicked professionals to face any challenge. Reputation and credibility are our basic traits. We have made sure that once our client is always our client.

We believe in client's requirement and satisfaction therefore we take extreme care to be fair, kind and considerate to their needs. By attracting and retaining the best structural engineering professionals in our industry, we are able to maintain the highest standards and ethics. When you work with BASE, you will experience positive attitude, flexibility, transparency, punctuality, and quality workmanship.

We are the first structural engineering firm in Bangalore to design precast concrete buildings.
